Your Eligibility for CSU

Based upon successful completion of coursework this term, for your grade level, you are missing the following number of “a-g” units: 1

You appear to not be making progress toward completing courses recommended for your grade level in the following subject areas: D

Plan to take the courses you are missing and complete those courses with a C- or better to be eligible for CSU.

THINGS TO KNOW

The CSU Eligibility Tool helps you track your progress toward meeting eligibility for CSU by listing required coursework on the far left and comparing it to your completed and enrolled coursework. To ensure you stay on track, use this tool to also plan for future courses that are offered at your school and help satisfy CSU requirements.

All of your coursework on the Eligibility Tool will be color-coded with each color representing something different so be sure to study the legend below carefully.

The University of California (UC) Course Management Portal (CMP) is a website where all your “a-g” courses are tracked by both the CSU and UC. Your school district enters courses into UC CMP. If you see a course in yellow on your CSU and UC Eligibility Tools, this means your school has labeled the course as “a-g”, but it is not listed in UC CMP. Talk with your counselor to learn more when you see courses in yellow.

To learn more about the CSU eligibility requirements, see [Prepare to Meet Eligibility Requirements for CSU.](#)
